Budgeting Essentials....

## Budgeting Now 2010

### Better Budgeting for Small and Medium Sized Companies

Small and medium sized organizations in particular face the need to advance their financial system. This is particularly true for transitional or growth organizations needing to implement better budgeting practices. As the need for better resource management grows, it becomes increasingly evident that implementing strict budgeting principles leads to better decision making. This includes the ability to bridge current practices with new practices, align departmental budgets to strategic objectives and effectively communicate new budgeting techniques.

Improved budgeting reduces risk and fosters growth. Learn new budgeting strategies specifically designed for small and medium sized companies, including:

- Collection actionable data
- Create Standardized processes
- Align budgeting to strategy
- Implement budgets organization-wide
- Improve forecasting capabilities

**Better Budgeting for Small and Medium Sized Companies** is a timely course and discussion designed for organizations looking to implement a more advanced budgeting system. This program utilizes best practices from leading organizations and translates them into a working framework for growth companies.

- Budgeting processes for today
- Data driven decision making
- Flexible strategies for uncertain times
- Capabilities to forecast and react
- Tools for better budgeting
