ALTAMONT  GROUP

Green Team Building

A successful sustainability plan begins and ends with program champions and organizational buy-in. Both are best achieved through good leadership in sustainability. Green teams are used by today's organizations to help define the roles and responsibilities a sustainability program in order to create a system of accountability that ensures success.

Green Team Building 2009 is a collaborative 2 day course designed to help you allocate internal resources, develop a comprehensive model for executing green initiatives and run a sustainability program by creating group accountability. This program is developed to host a group of individuals in your organization that will lead your sustainability program to success. The webinar format is live and interactive, with workshops and mapping exercises to ensure take-aways' relevant to your organizational needs.

Agenda

Day One:

Tuesday, September 15, 1pm EDT

Green Team Development

- Create framework for Green Team
- Discover team member strengths and weaknesses
- Utilize strategy map to visualize objectives
- Allocate roles, tasks and priorities

Day Two:

Thursday, September 17, 1pm EDT

Green Team Success

- Create an effective sustainability plan
 - Set goals, objectives and targets
