Financial best practices.....

Mastering the Financial Close

Financial departments that implement an efficient closing system enable their organizations to improve performance. Through consolidation, standardization and tightly controlled processes, organizations are able close their books in a more accurate and timely manner. An integrated approach between engaged people, effective processes and use of technology can dramatically reduce current close cycles.

This course will provide a framework enabling you to develop and manage a better system for closing including:

- Development and Implementation of a unified system
- Reliable data collection and auditing processes
- Alignment of budgets and strategies
- Execution framework and management system
- Communication of improved closing processes and benefits

Mastering the Financial Close is a timely course and discussion on how successful finance departments can develop an improved system for closing their books. Along with an in-depth analysis of the methods being used in by best practice companies, this program will provide a framework for implementing better closing techniques in your organization

Be efficient....

Be accurate...

Be timely...
