## Past Presenter Organizations Include

blue of california

Day One:

# Keynote Case Studies & Best Practices

8:30 am

## **Keynote: Integrated Business Planning**

*Improve organizational performance with cross functional enterprise planning*

- Use a functionally integrated approach for streamlined business planning
- Leverage technology and advanced processes for more accurate enterprise information
- Insure sales and operations plans are linked to strategic plan
- Evaluate plans and activities based on the true economic impact of each consideration
- Extend visibility to identify impacts of specific market events well into the future

9:30 am

## **Keynote: Advanced Business Analytics**

*Decision making based on facts, data and analytical insight*

- Use advanced statistical and econometric methodologies to make better predictions
- Total cost minimization and net revenue maximization methodologies
- Develop models for better scenario planning for predictive sales and risk management
- Multivariate testing and advanced regression modeling
- Synthesize integrated analytical insights into tactical planning

11:00 am

## **Supply Chain Network Optimization**

*Leverage your supply chain to improve productivity and maximize results*

- Optimize lean supply chain capabilities to gain competitive advantage
- Ensure business continuity through forecasting and planning methodologies
- Effective analysis that allows senior management to make more informed decisions
- Decision support aligned to business needs and objectives
- Better navigate business and supply chain volatility

Day One:

# Best Practices & Strategy Sessions

1:00 pm

## Production Analysis and Capacity Planning

*Streamline product development and delivery processes for optimal profitability*

- Drive execution through extensive qualitative and quantitative analysis
- Incorporate and improve Advanced Planning & Scheduling (APS) processes
- Efficient resource allocation to meet dynamic demand needs
- Leverage capacity management to ensure optimal production performance
- Implement systems for improved production planning and inventory management

2:15 pm

## Supplier Relationship Management

*Enhance supplier intelligence through integrated data management and analytics*

- Develop and maximize an advanced strategic sourcing system
- Prioritize suppliers based on quality and performance criteria
- Leverage data management to drive fact-based supplier decision making
- Utilize CRM processes for enhanced supplier relations and supplier insight
- Reduce costs and mitigate risks with a comprehensive profile of suppliers

3:30 pm

## Supply Chain Performance Analysis

*Utilize KPIs and performance drivers to impact supply chain and operational results*

- Utilize measures that drive accountability and performance
- Determine what KPIs are essential to meet strategic objectives
- Assess the input and performance metrics utilized in the forecasting process
- Utilize a manage system to monitor and drive performance
- Develop timely, engaging reports with thorough analysis of results

Day Two:

# Keynote Case Studies & Best Practices

8:30 am

## **Keynote: S&OP for Competitive Advantage**

*Harness integrated business processes for better strategic planning and execution*

- Optimize distinct business capabilities to gain competitive advantage
- Decision support aligned to business needs and objectives
- Utilize cross-functional integration methods to streamline innovation
- Establish predictive capabilities through analytics for better forecasting
- Effective analysis that allows senior management to make more informed decisions

9:30 am

## **Keynote: Data Translation, Interpretation and Delivery**

*Deliver meaningful information to drive better business decisions*

- Developing cross-functional support to align people, process, data, metrics and technology
- Implement controls to ensure data flow and integrity
- Cascade strategies across functions and departments to ensure successful execution
- Identify and evaluate process improvement methodologies for data collection and delivery
- Consistently extract, analyze and collate data from a variety of sources

11:00 am

## **Advanced Supply Chain Management**

*Value based approach to customer driven supply chain management*

- Create a systems based management model for supply chain optimization
- Add value through the implementation of supply chain analytics
- Incorporate lean six sigma methods for supply chain process improvement
- Leverage technological advancements for improvement supply chain efficiency
- Become a customer satisfaction driven supply chain

Day Two:

# Best Practices & Strategy Sessions

1:00 pm

## Strategic Supply Chain Alignment

*Effectively align supply and demand to optimize supply chain performance*

- Synchronize dynamic customer needs with innovative supply chain capabilities
- Drive profitability through effective demand forecasting and product distribution
- Drive results through supply chain integration and performance management
- Develop cross functional alignment through effective communication
- Utilize a methodological approach measuring, management and executing strategies

2:15 pm

## Supply Chain Finance

*Incorporate best practices in financial planning and analysis for supply chain management*

- Maximize FP&A, Budgeting and Management Reporting for the supply chain
- Generate analysis that allows senior management to make more informed decisions
- Provide decision support aligned to business objectives and market environments
- Relate supply chain planning to revenue, margin and working capital requirements
- Use financial metrics to balance optimize supply chain finance

# Integrated Business Planning 2011 is a premier, three-track, cross-functional learning and networking event

(Click an image to access full brochure)

This unique collaborative program provides attendees the opportunity to learn from industry-leading practitioners and methodologists. Each morning, attendees will gather for keynote presentations from strategic planners and business intelligence executives from top organizations. Following these keynote addresses, attendees will break out into separate areas to learn from experts discussing topics

# A unique Networking Opportunity

Not only do attendees come to learn innovative skills and best practices in marketing planning, they also come to meet with peers from different industries across the nation. Keeping this in mind, attendees are given a chance to network with colleagues from across analytical functions.

*Network with colleagues and industry experts from different analytical functions*

Three business analytics events are being held simultaneously, focusing on marketing, financial and workforce planning and analysis. The combined networking event offers a great chance to learn from peers and discuss issues and initiatives that drive better performance.

# Area, Venue & Travel Information

Room Rate

**\$ 189.<sup>00</sup> / night**

### Reservations:

*Mention the **Gateway Management Room Block** to the customer service agent to receive this exclusive reduced rate.*

## Area – San Francisco, Union Square

Located on **San Francisco’s** historic Union Square, our venue is located in the heart of the city’s shopping, restaurant, accommodation and entertainment epicenter. Gateway Management has on-the-ground knowledge of the area’s best restaurants, hotels and shows to maximize your experience outside the Summit.

## Hotel and Accommodation Facilities

**Our venue’s prime location offers** access to all that San Francisco has to offer. We have scouted locations throughout the city and find that the InterContinental San Francisco offers among the best accommodations that we can facilitate at our negotiated rate.

## Travel

There are two convenient airports to serve attendees; San Francisco and Oakland International. Both have convenient public transportation by way of BART. Take BART from either airport toward Downtown San Francisco where you will exit at Powell Street Station. Use the accompanying map to walk or cab the 4 blocks to our venue

## Venue – InterContinental San Francisco Hotel

**Venue Address:**

**InterContinental San Francisco Hotel  
888 Howard Street  
San Francisco, CA 94103**
